

WAR WILL BEGIN
WITHIN A WEEK

Balkan States Decide to Rupture Negotiations.

CLAIM TURKEY IS TRIFLING

Envoy of the Allies Agree to End the Seemingly Fruitless Debates at London and at the Next Meeting Will Announce Their Decision to Break Negotiations and Thank England for Her Hospitality.

London, Jan. 15.—Unless unforeseen events should change the current of affairs the war in the Near East will be resumed within a week and Europe will witness the horrors of a winter campaign.

The allies have firmly made up their minds to take up arms a second time. The Turks last week were threatening to leave London and let matters take whatever course they might. Now the Balkan delegates are convinced that the Turks are merely drifting without a fixed policy and they have decided to end the seemingly fruitless debates and wire pulling and begin the battles anew where they left off more than a month ago.

The Ottoman government failed to convene the grand council and apparently has no intention of meeting the allies' ultimatum on Adrianople. The allies do not believe in the efficiency of the note which the powers will present at Constantinople because it is couched in too mild terms and simply advises Turkey to submit to the fate of war and abandon Adrianople for fear of complications in other parts of the empire at a time when Turkey could not find moral or financial support in Europe.

Turkish Government Unmoved.

The Turkish government knows that this means nothing, because it is aware that the powers will be unable to agree on any coercive measures.

The Balkan kingdoms, moreover, are eager to obtain relief from the heavy burdens of keeping their armies on a war footing indefinitely. Wishing, however, to observe all the diplomatic courtesies they have given the powers a reasonable time to agree on the note, frame it and present it to Turkey. But this once done if Turkey, as is probable, fails to yield they are determined to act.

Their governments have agreed to call another sitting of the conference through Sir Edward Grey or Rechad Pasha, who, according to the rotation followed, would be the next presiding officer. They will then simply announce their decision definitely to break the negotiations and also thank England for the hospitality extended and the conditions of fair play under which the discussions took place.

Immediately afterward Sofia, Belgrade and Cetinje will denounce the armistice, and the Serbian, Bulgarian and Montenegrin commanders will notify the Turkish headquarters that hostilities will be resumed within ninety-six hours.

ROADS CONQUER THE SNOW

Transcontinental Trains Being Operated Over Cascades.

Seattle, Jan. 15.—The St. Paul railroad, after struggling with the snow since last Saturday, cleared its tracks across the Cascade mountains and is again moving trains.

The Great Northern promises to resume the operation of its mountain division at once.

The Northern Pacific has gained a complete victory over the drifts and slides and trains are now moving regularly.

There is more snow on the ground in Western Washington now than at any time in fifteen years.

STEEL TRUST RAISES WAGES

Arrangements Made for Increases Aggregating \$1,000,000 a Month.

New York, Jan. 15.—Wage advances aggregating approximately \$1,000,000 a month already have been arranged for by subsidiaries of the United States Steel corporation, in line with plans recently announced, according to a statement by Elbert H. Gary, chairman of the corporation.

"These benefits largely apply to the workmen receiving the lowest daily wages," says Mr. Gary.

"Some of the mining companies are not included, for the reason that wages have been heretofore adjusted by these companies and are now above the average."

COLONEL SILENT ON FUSION

Says His Previous Statement Covers His Ideas Completely.

New York, Jan. 15.—"I have nothing to add to my previous statement. That covers it completely and I stand on it absolutely," asserted Theodore Roosevelt in reply to Frank Munsey's reiteration of his proposal for Progressive and Republican fusion. Colonel Roosevelt issued the above from his office in the Outlook and would add nothing further.

TRACES ANCESTRY
OF RACE TO ORIGIN

Millions Descend From One "Superwoman."

MONEY GIANTS' LINEAGE.

John D. Rockefeller and J. Pierpont Morgan Have Blood of Buccaneers, Sir Francis Drake, In Their Veins, Says Dr. David Starr Jordan, Who Is Preparing Remarkable Book.

Down at Carmel-by-the-Sea, where poets weave thoughts of fancy and painters mix their oils, Dr. David Starr Jordan is preparing a bombshell, a little book, which has been finished with loving care. When it is tossed on the world a hole will be blasted in that world's opinion of itself, for the book will be the latest dictum of science on "Who's Really Who in America."

The head of Stanford university is, among other things, president of the eugenics commission of the American Breeders' association, and his essay will be written ostensibly for that organization.

Equipped with tomes and charts and aided by the most expert genealogist on the Pacific coast, Dr. Jordan has traced 1,000 American families, representing several millions of us, back through their ancestry.

As material for his book Dr. Jordan has reached these findings:

First.—At least half the citizens of this country of English ancestry are descendants of one "superwoman" and members of one colossal family.

Second.—Isabella de Vermandois, daughter of a crusader, wife of the Duke of Warren, living in the twelfth century, is the common progenitor of the teeming millions whom Dr. Jordan stamps as the "fittest" of the English speaking race.

Includes John D. and Morgan.

Third.—John D. Rockefeller and J. Pierpont Morgan belong to this remarkable family, and their millions of "poor relations" will now be able to prove it.

Fourth.—Rockefeller and Morgan have ancestral lines which also run back to that prince of buccaners, Sir Francis Drake.

Fifth.—Washington, Jefferson, Lincoln, the two Harrisons, Cleveland and Roosevelt are shown to be quite definitely related.

Sixth.—President Emeritus Charles W. Eliot of Harvard and Presidents Nicholas Murray Butler of Columbia, the two Timothy Dwights, Mr. Woolsey of Yale and Dr. Jordan himself happen to fall into a college president trust, due to their common ancestor.

Seventh.—Virtually any family which can trace its line back to Isabella de Vermandois is mentally and physically sound, and its progeny stand a more than unusual chance to inherit the earth.

Eighth.—The mating of Mother Isabella's descendants, Dr. Jordan declares, is a step toward the ideal of eugenics, which is to apply the principles of scientific animal breeding or plant selection such as practiced by Luther Burbank to the human race.

Ninth.—True love, with the initiative of the individuals tempered by an understanding of eugenics, is far and away a better method of bringing about this selective ideal than a resort to state regulation of parental interference.

Tenth.—Luther Burbank's own line has not yet been shown to run back to Mother Isabella, and the greatest living exponent of applied eugenics may himself not be included in Dr. Jordan's list of the "fittest."

Some of Family Names.

Dr. Jordan discussed his researches and his aims sitting near an open window within sound of the Carmel surf. Taking the Duchess of Warren as a touchstone, he has traced to her a thousand American families. Here are some of the families whom he stamps as unusually "fit," as he announced them offhand from memory:

Page, Lee, Drake, Bacon, Granville, Howard, Courtney, Stuart, Carroll, Blair, Worth, Hawley, Waldo, Durkee, Wight, Lake, Benedict and Davenport.

Necropolis of Bronze Age Found.

An extensive necropolis of the bronze age has been discovered at Viattano, Italy. Some of the finds were valuable urns and weapons.

Neutrality.

A proclamation of neutrality, the first in our national existence, was made by Washington April 22, 1793, citing the fact that a state of war existed between Austria, Prussia, Saxony, Great Britain and the United Netherlands of the one part and France on the other and warning citizens to avoid all acts in breach of neutrality.

Be Prepared.

In every avenue of life great opportunities are constantly confronting us. Who are ready for them? Who will fill the positions? It is the prepared men, those equal to the places, who generally get them.—Exchange.

POSTOFFICE MEASURE
GOES THROUGH HOUSE

Amendment Revoking Civil Service Orders Beaten.

Washington, Jan. 15.—An attempt to revoke President Taft's recent order placing fourth class postmasters under the classified civil service and to remove from classification assistant postmasters and clerks in first and second class postoffices by an amendment to the postoffice appropriation bill failed in the house. The bill, carrying \$278,489,781, was passed.

The amendment offered by Representative Culp of Indiana providing for the revocation of the executive order of Oct. 15, 1912, by which President Taft exempted some 30,000 fourth class postmasters from the "political job" class and of the order of Sept. 30, 1910, which classified assistant postmasters and postal clerks in first and second class offices, was defeated on a roll call vote, 141 to 196.

The Republicans voted practically solid against the amendment and they were joined by many Democrats.

INTERNATIONAL AGREEMENTS

American Concern Owns Canadian Company, Which in Turn Has Perfect Selling Arrangements With All the foreign Companies—Witness Says Attorney General Saw Copy of the Pact.

Washington, Jan. 15.—The existence of an international agreement covering the aluminum industry was revealed at a session of the house committee on ways and means.

President Arthur V. Davis of the Aluminum company of America admitted that his company, the only aluminum manufacturer in the United States, owned the Canadian Aluminum company, which in turn had perfect agreements with all of the six or seven foreign aluminum companies.

This agreement, he said, covers all the world except the United States, which, he admitted to Representative Rainey of Illinois, was excepted because there is a law here prohibiting it.

The admission of this agreement amazed members of the committee, some of whom pointed out that, along with previous testimony regarding foreign trusts in other industries, it presented a problem never before faced by a tariff making committee.

Mr. Davis testified that he and his London representative wrote the agreement made by his Canadian plant with all the plants in Europe.

Gave Copy to Wickersham.

"I submitted the proposed form of the agreement," he said, "to Attorney General Wickersham and when the agreement was signed I sent Mr. Wickersham a copy of it."

Mr. Davis did not say what action the attorney general took in the matter.

"But Mr. Wickersham had no cognizance of this agreement between Canada and the rest of the world, except the United States," interrupted Representative Palmer.

Mr. Davis was asked if he had a copy of the agreement. He said he had not and said while he personally would have no objection to filing it he feared the other parties to it might object.

Mr. Davis protested against any reduction of the tariff, which the tentative Democratic plan proposed to cut in half. Asked if he expected much competition, in view of the existing agreement, he replied there was competition, though members of the committee declined to be convinced.

IMMEDIATE ARMY CHANGES

Plan Completed and Stimson Will Begin Work at Once.

Washington, Jan. 15.—The conference of general officers of the army in progress here, considering plans for army reorganization, concluded its labors. Of its results Secretary Stimson said:

"The agreement was unanimous that a tactical organization should be adopted based on a divisional and brigade formation at once. The only question at issue is as to the first step—how far should it go."

"Probably there will be some rearrangement of the existing commands very soon and it is certain that we shall proceed with the organization of the brigades composed of three regiments each, even though it is not possible at present, owing to the absence of large posts, to gather each brigade at one point."

FIGHT FOR TITANIC LOSSES

Attorneys Seeking \$10,000,000 Damages Get Extension of Time.

New York, Jan. 15.—Fifty lawyers, who hope to obtain for their clients more than \$10,000,000 damages for loss of life and property on the steamship Titanic, were arrayed against attorneys for the White Star line in the United States district court, the time limit set by the court, the filing suits having expired. The limit was extended to Feb. 11.

The White Star line contends that its entire liability is limited under the United States statutes to less than \$100,000—the value of recovered wreckage and passage money.

FIGHTS JIM CROW VERDICT

Railroad Asks Supreme Court Ruling on Damages.

Washington, Jan. 15.—Probably the most novel Jim Crow case ever before the supreme court of the United States reached it when the Alabama and Vicksburg Railroad company filed an appeal from the verdict of the Mississippi court, which awarded Miss Pearl Morris \$15,000 for distress of mind and body caused by being required to occupy a berth in a Pullman car in which three negro men occupied berths. The supreme court of Mississippi reduced the damages to \$2,000.

THREE HUNDRED
FAMILIES HOMELESS

Ohio River Floods Suburb of Evansville, Ind.

Evansville, Ind., Jan. 15.—Rapidly rising waters of the Ohio river drove nearly three hundred families of Oakdale, a suburb, from their homes. They are being cared for here. When the water first began to approach the residences plans were made to throw open the schools to provide shelter, but before this could be done these buildings were surrounded.

The river registers 45.2. All navigation, excepting the rescue work, has been suspended.

The tug J. B. A., sent out by the city to aid flood sufferers, brought four persons to Evansville. Many refugees are arriving at other river towns and at Rockport all hotels are filled.

Care for 3,000 Families.

Cincinnati, Jan. 15.—The Ohio river reached a stage of 62.2 feet here. More than 3,000 families in the lowlands of this city, Newport and Covington, Ky., have been provided for and the suffering of the last two days has abated somewhat. With the exception of the collapse of buildings in the flooded district there has been little additional financial loss.

Still Rising at Cairo.

Cairo, Ill., Jan. 15.—The Ohio river is rising slowly here, the gauge registering 41.1 feet. The government predicts the crest of the flood will be reached next Tuesday with a mark of forty-eight feet. The danger at this point is increased by the running of ice in the Mississippi river.

The branch laboratory at Mankato was continued for another year by arrangement with Mankato physicians.

Is Interested Only in Election of Democrats.

DID NOT MEAN BULL MOOSE

President Elect Asserts That His Preference to Progressives for the United States Senate Meant Only Those Democrats Who Are in Touch With the Trend of the Mind of the Country.

Trenton, N. J., Jan. 15.—"I hope progressive Democrats will be elected in every state," said President Elect Wilson in referring to the contests over the election of United States senators in Maine, New Hampshire, Illinois, South Dakota and Tennessee.

The governor took emphatic exception to editorials and published reports purporting to describe his attitude as preferring the selection of a progressive Republican in cases where the other alternative would be the choice of a standpat Republican.

"The only thing I am interested in in any state," he said, "is the election of a Democrat."

The president elect was told that his speech, in which he said he would not be acting as a partisan if he picked "progressives and only progressives," had caused the inquiry as to whether he meant the progressive wing of the Democratic party or included in his statement progressive Republicans as well as progressive Democrats.

"I wasn't thinking in specifications," he said. "I was just thinking in tendencies and the trend of the mind of the country."

FOR NEW IMPEACHMENT PLAN

Pomerene Would Amend Constitution to Relieve Senate of Duty.

Washington, Jan. 15.—To protect the senate against the necessity of giving its time to protracted impeachment trials in the future Senator Pomerene of Ohio introduced a joint resolution providing for an amendment of the Constitution so as to authorize congress to provide other means than those now afforded of impeachment in minor cases.

Under the Constitution all impeachment cases must be tried in the senate. Mr. Pomerene would still have the senate pass upon all efforts to impeach the president, vice president and members of the supreme court, but would give authority for a change in all other proceedings.

ELEVEN ON SUPREME BENCH

Gore Bill Provides for Two Additional Justices.

Washington, Jan. 15.—A bill to increase the size of the supreme court of the United States from nine justices to eleven was introduced in the senate by Senator Gore.

Should two additional associates be added to the court during a Democratic administration the bench would remain Republican unless an unexpected vacancy should occur.

The Democrats are now credited with Chief Justice White and Justices Lurton and Lamar, while to the Republicans are given Justices McKenna, Holmes, Day, Hughes, Van Devanter and Pitney.

Destiny of the Stuarts.

The figures "88" play a weird part in
the rise and fall of the Stuarts. James

III. was killed in flight near Ban-

nochnaburn in 1488. Mary Stuart was be-

headed in 1588. James II. of England was

dethroned in 1688. Charles Edward

died in 1788 and James Stuart, the "Old

Pretender," was born in 1688, the very

year that his father abdicated.

day stopover which has lengthened

into four years, has announced that he

is putting the finishing touches to the

realization of his twenty-five-year-old

dream looking to the organization of

the American Colonization society,

which seeks to colonize 700,000,000

acres of land in the west with the poor

living in the congested districts of New

York, Chicago and other big cities. Not

only will his great scheme help men to

help themselves, he said, but as soon

as free lands and the great resources

of the west are under development the

helping to reduce the cost of living to

a minimum. It isn't going to cost a

**COMMERCIAL CLUB
ANNUAL MEETINGS**

President Carl Zapffe Reads Interesting Report of Clubs Activities During Year

HAS 102 ACTIVE MEMBERS

Special Railway Committee Reports on Results of Trip to See Vice-President Hannaford

The annual meeting of the Commercial club held last night drew a large attendance to the commodious club rooms.

Many matters of importance were brought before the body. President Carl Zapffe, in his report, gave a general resume of the activities of the club, what it had accomplished and what it had attempted to do. It was a very interesting address and Mr. Zapffe has kindly consented to write it out in full for the Dispatch and it will be published in tomorrow's paper.

The special committee of the Commercial club appointed to go to St. Paul and interview Northern Pacific officials regarding improvements in the service at Brainerd, reported through Mr. George D. LaBar, who detailed the conversation which the committee composed of Judge C. A. Albright, Mr. LaBar, Dr. J. L. Camp, H. F. Michael, Con O'Brien, D. A. Peterson and Fred H. Gruenhagen and with Mr. Hannaford, second vice-president of the company.

As mentioned in Tuesday Dispatch the committee asked for the gasoline car service, a new depot and a parlor car on the St. Paul train. Mr. Hannaford stated the matter would be taken under consideration. Equipment for the gasoline car would come to \$25,000.

The committee from the Commercial club was well received by Mr. Hannaford and there is no doubt but that the interview will result in something to the advantage of Brainerd.

The other reports presented were from the various standing committees of the club. The Commercial club now has 102 active members, 13 associate members and two honorary members. W. D. McKay, the first secretary of the club and Howard M. Curry of St. Paul, a former Brainerd resident.

BOOSTING FOR BRAINERD

John Cochran and Attorney George H. Gardner Interviewed by Duluth Papers

Brainerd citizens are doing their share to boost Brainerd while away from home. John Cochran, who is on the federal jury at Duluth, blossoms out with his picture in the Duluth News-Tribune under the heading "Brainerd Wants Soo Line to Enter." Mr. Cochran, in his interview, stated: "Brainerd is one of the most important cities in central northern Minnesota today. Since the discovery of iron ore in that region, the city has picked up wonderfully. If we are able to induce the Soo to enter, it will mean as much additional business as the shops of the Northern Pacific do now."

Attorney George H. Gardner got the following mention in the Duluth News-Tribune: "One of Brainerd's boosters in the person of George H. Gardner was in the city yesterday for a short time. Mr. Gardner was admitted to practice in the United States circuit court by Federal Judge C. A. Willard. Previous to his entry in the law profession a year ago at Brainerd, Mr. Gardner was court reporter to Judge Wright of Park Rapids and has a wide acquaintance throughout the district. At present he is interested in the establishment of a public market in Brainerd. In discussing the plans for a public market in Brainerd, Mr. Gardner said: 'We are about to build a public market in that part of the city near the river. We are merely following out the Duluth idea which seems to be the best at hand. It is the general belief at Brainerd that by building near the river, the town will concentrate instead of scattering, a tendency to which present indications point. We want it known that Brainerd is a very much alive place and that we are going right ahead adopting every progressive measure that presents itself.'

**IRON MOULDERS
ENTERTAINMENT**

Program of Songs and Musical Selections to be Followed by a Social Dance

FOR BENEFIT OF LABOR TEMPLE

"A Good Time, a Good Cause and Reasonable Price Tuesday Evening, February 4"

A grand entertainment and dance will be given by Iron Moulders Union No. 226 at the new Labor temple above the J. W. Koop store on the corner of South Seventh and Laurel streets on Tuesday evening, February 4.

The purpose of the celebration is a most commendable one as all the proceeds realized from the event will go towards defraying the expense of furnishing the new Labor Temple. A first class variety program will be given consisting of songs, musical selections, comic speeches and recitations.

The arrangement committee asserts that the program offered, all for the small price of a quarter, has never been equalled in the city for the money. The program commences promptly at eight o'clock sharp. "Come in crowds" says the committee, "and help a good cause. Kindly come early to avoid being trampled to death. Dig down and then dig up at only 25 cents each. Have a good time and help a good cause."

A few card tables will be provided for those desiring a sociable game.

During the long, dreary winter months mothers become tired, worn out, can't eat, sleep or work. Holister's Rocky Mountain Tea is the greatest blessing for mothers. Makes them happy, healthy and strong. H. P. Dunn.—Advt.

Take the "direct road" to health and strength by using Foley Kidney Pills for backache, rheumatism, weak, sore kidneys and bladder irregularities. Each ingredient is chosen for its positive healing and curative qualities. Foley Kidney Pills are the best medicine you can buy for kidney and bladder troubles. Mrs. J. M. **LIGHT THAT FAILED
CAUSES TROUBLE**

Air Compressor Breaks Down at the National Heat, Light and Power Co. Plant in City

BREAKS AT 7:50 IN MORNING

For Over Half a Day Brainerd is Without Electric Light or Power to Run Things

One of the most exasperating breakdowns the local power station has ever had occurred this morning when the air compressor used to start the gas engines broke down at 7:50 in the morning.

For over half a day Brainerd has been without any electric light or power and business enterprises using one or both have been greatly inconvenienced. At the Brainerd Dispatch offices the presses were silent. No papers could be printed during the break down and the job work had to be discontinued.

A similar accident occurred early last year and a makeshift was provided by getting a small gasoline engine to assist in starting the gas engines.

In order to get out some kind of a paper the Dispatch hatched a motorcycle to its linotype machine and ran the machine slow speed. It worked in a way but ran in a ragtime tempo as gasoline does not feed as regularly as electricity and has too many staccato explosions.

W. R. Fox, 195 W. Washington St., Noblesville, Ind., says: "After suffering many months with kidney trouble, after trying other remedies and prescriptions, I purchased a box of Foley Kidney Pills which not only did me more good than any other remedies I ever used, but have positively set my kidneys right. Other members of my family have used them with similar results." Take at the first sign of kidney trouble. H. P. Dunn, druggist.—Advt. mwf

Marquis-Erickson

The wedding of Fred J. Marquis of Pelican Lake, and Miss Julia Erickson of Pequot was solemnized at the chapel of St. Joseph's hospital on Wednesday morning, January 15, Rev. Father J. J. O'Mahoney officiating in the presence of relatives and intimate friends of the contracting parties.

The bride was attired in a charming gown of Copenhagen blue satin and chamoise and carried a bouquet of pink roses. She was unattended. The wedding breakfast was served at the home of Mr. and Mrs. Louis Roth, where the rooms of the home were handsomely decorated in pink and green.

The groom is the son of Mr. and Mrs. Sol. Marquis, old and respected residents of Pelican Lake. The bride is the daughter of Mr. and Mrs. John Erickson of Pequot and has a large circle of acquaintances. The happy couple will make their home at Pelican Lake.

On Wednesday, January 25, Mr. and Mrs. Sol. Markee will entertain in honor of the newly wedded young people. A dinner will be served in the afternoon at three o'clock and dancing will be enjoyed in the evening.

The Dispatch joins their many friends in wishing them much happiness and prosperity.

WHY IT SUCCEEDS

Because it's for One Thing Only, and Brainerd People Appreciate This

Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills are for one thing only.

For weak or disordered kidneys.

Here is reliable evidence of their worth.

William Wick, West Brainerd, Minn., says: "I can strongly recommend Doan's Kidney Pills, procured at H. P. Dunn's drug store. They cured me of pain in my back that was so bad at times that I could not get up after sitting. My confidence in Doan's Kidney Pills is very great. For they removed my trouble after I had taken other remedies to no avail."

The above is not an isolated case. Mr. Wick is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Wick had. 50c all stores.
